EXERCISE CLASS DESCRIPTIONS

Our mission is to put Christian principles into practice through programs that build healthy spirit, mind and body for all.

Yoga

Baby Yoga: This class is perfect for babies who can hold their heads up and their caregivers! Come improve your flexibility and strength while bonding with your little one!

Yoga All Levels: In Vinyasa Flow, postures or asanas are connected through breath for a transformative, balancing effect. Classes build endurance, flexibility, and strength through sequencing build around surya namaskar (sun salutations). Instructors inspire physical, energetic, mental and Intuitive states of consciousness.

Yoga Foundations: Covers alignment principles and foundations so the student learns how their body moves through the physical yoga postures. No previous experience necessary.

Senior Chair Yoga: In this introductory level class we focus on slow and easy movements to loosen the joints, increase mobility and muscle strength, improve breathing and help focus the mind to enhance cognitive function.

Cycling

The bike allows you to select your own resistance level while the instructor is there to challenge and encourage you. Group cycling is a great cardiovascular workout that will revitalize your personal fitness program.

Floor Exercise

Boot Camp: Challenging, high-intensity whole-body workout focused on building strength and endurance through a variety of different exercises.

Cardio Flex: High and low-impact cardio class focused on strengthening major muscles.

Cross Train: Weighted exercises selected to build long, strong, and lean muscles coupled with balance, agility and core coordination drills to leave you light and nimble.

Deep Stretch: Relax and lengthen your muscles with this floor-based class designed to help you gain flexibility and prevent injury.

Kettlebells: Known as bowling balls with handles, kettlebells burn fat, build lean muscle, increase range of motion and flexibility, improve overall conditioning and stamina.

Kickin' Cardio: A high intensity cardio class that will focus on metabolic conditioning through kickboxing, weights and a variety of other exercises.

Lunch Crunch: Focuses on strengthening core muscles - targeting transverse, obliques and rectus. Most exercises will be done on the floor. Open to all levels of ability.

Moms on the Move Stroller Strong: A total fitness program that includes cardio training and toning exercises for moms and their babies or stroller-age children!

Movers & Shakers: An early morning exercise smorgasbord using kettlebells, stability balls, medicine balls, step aerobics, resistance bands, core work and old favorites.

Fit Moms: Our trained instructors will help you build endurance and strengthen key muscle groups to safely prepare your body for the changes of pregnancy!

Pump: Total body workout using barbells, dumbbells, kettlebells, and bands! This class is designed to burn calories while building beautiful lean muscle and increasing strength.

Silver Circuit: No-impact choreography and standing upper body work using hand-held weights, elastic tubing and exercise balls. A chair is used for standing support.

SilverSneakers® Classic: Class designed to increase muscular strength, range of movement and improve daily living skill activities.

Silver Stretch: Chair support is offered to safely perform a variety of postures designed to increase flexibility, balance and range of movement.

Wacky Wednesday: Moves to get your heart rate soaring! This class will keep you on your toes, and don't be surprised to go old school with Step Aerobics and Kickboxing!

Zumba: Dance routines with fast and slow rhythms tone and sculpt the body! The class is set to a fusion of Latin and International music that will keep you moving!

Water

Water Fitness for Health: A combination of cardiovascular and strength training exercises to provide a fun and invigorating workout. Upper and lower body strengthening exercises complete this total body workout. The evening class may use the deep end of the pool at times.

No Impact: Incorporates water walking and exercises that concentrate on joint movements, range of motion, mobility, flexibility, balance and endurance. Great class for beginners!

Deep Water Fitness: Our most cardio-intensive water exercise class. This class includes full-body movements such as swimming, jogging, and running and using resistance barbells. Try this class for the ultimate water exercise challenge!

Splash: Offers LOTS of fun and shallow water moves to improve agility, flexibility, and cardiovascular endurance. No swimming ability is required, and a special kickboard can be used to develop strength, balance, and coordination.

Kid's Fit

Our Kid Fitness classes are open to all kids ages 6—12 and are designed to introduce exercise in a FUN way.

Participants can improve cardio endurance, speed and strength through all kinds of fun activities!
