Do Tom A. Finch Community YMCA members get precedent in Family Swim reservations?

Yes, Tom A. Finch Community YMCA members only can register for Family Swim. Every swimmer must be on the registered family unit to swim.

How many consecutive segments can I register for at a time?

We ask that families limit their segments to 1 segment at a time. Family swim is restricted to Saturday mornings so it is limited. When the whistle blows at 10 minutes left in the hour, please exit the pool.

Can my child swim in the family swim side while I lap swim?

Yes, as long as they are registered. Swim testing and life jacket rules still apply. A child with a life jacket on must have an adult within arms reach of them at all times. We ask that if you are swimming lap while your child swim, do not allow them to cross over lanes to get to you.

Can I rent the Family Swim section for water walking/jogging or other self aerobics?

We ask at this time that you do not reserve the family swim side unless you will be bringing more than yourself to swim.

If I'm late for my reservation, will I be allow extra time?

No, especially if there is a family registered behind you. Please exit the pool when the lifeguard blows the whistle at 10 minutes until the top of the hour. The pool closes at 12 so the last family reservation is 11:00am.

If I have reserved consecutive segments of times, do I have to stop and get out when guards blow the whistle at 50 minutes?

No, if you have reserved the time. If space is available, and you wish to swim longer but haven't reserved it, you may have to stop and move lanes.
